A NOTE, WITHOUT EXPECTATIONS

I'm sorry.
And I mean it.

Not to change what happened. Not to ask you to make me feel better. Just to say what I should have said with more care, and sooner.

A

There is no perfect way to undo hurt. There is only the work of understanding it, taking responsibility, and doing better—whether or not I get to be part of what comes next.

A FEW THINGS I OWE YOU

I know tumhe yeh sab fake lgte h but mujhe acha lgta h to do so m krta hu na ki apko dikhane ya phir show off krne .. yes as tumhe yeh sab ache nhi lgte but mere point of view se ek baar sochna as tum khud socho ki mere care Krna glt h ? Ha glti yehi h ki m over caring krta hu ab jab mujhe care Krna psnd h apke toh krunga h ab tum gussa kro tab bhi .. m yaha mere pov rkhne nhi bol raha hu ik m overcaring or overprotective dikhaya h apna ..

Aap yehi kahoge tum choti bachi nhi ho idhar baat choti bachi ki nhi h tum self independent ho thk h mujhe prblm nhi h us baat ki even self independent hona koi bura todi h achi baat h u r nd im proud of it as health bhi toh thk nhi h even bich m tumhre health todi thk tha jo m react na kru bolo as periods k time jyada pain ho rhe the apko toh aur dimag ghabrayega h like until tum check up krlo ..

Yeh sab check up tum krloge ik and kuch hoga bhi serious toh tum todi bologe ake mujhe merse bhi chupa loge kyunki tumhe toh yehi lgta h m gli karta hu but tum yeh nhi sochte ki jiski fikar hoti h usi ko bola jate h jo insan khudka khyal nhi rkh pata dusre ka rkhta h toh bo uski care krta h isliye krke ...

Anyways bura isliye nhi lga ki tum nhi loge krke ... As pichle baar toh chodo leke bhi nhi gye tbhi bhi utna h regret hua tum log chle gye phir kuch hua toh pichle baar toh gadi band bhi ho gye ese tum Ghar p nhi bolte ho .. pass todi h like kisko fikar bhi nhi rhega aur aate aate mostly raat bhi ho jate h jiska na tumhe ya mujhe pata h ..

THE APOLOGY

Dear Buggu 🫀,

I’m sorry for the hurt I caused.

I’ve been thinking about what happened, and I want to be clear: I was wrong to let my concern become pressure instead of listening to what you needed. I can see how my words and choices hurt you, and I’m sorry I made you carry that.

I don’t want to soften it with excuses or ask you to look past it. I should have listened more carefully, considered how it would land, and treated your feelings with the respect they deserved.

You didn’t deserve to be hurt by someone who cares about you. I’m truly sorry.

03

WHAT I UNDERSTAND

Dear Buggu 🫀,

I’ve tried to listen, even in the quiet.

I’m beginning to understand that the impact of what I did matters more than what I meant. I may not see every part of how it felt for you, but I believe you, and I’m not going to argue with your experience.

I’m sorry for pushing my worry about your health and plans instead of asking what kind of support you wanted. I imagine it may have left you feeling pressured or unheard, like I didn’t trust your independence. You deserved patience and honesty from me, not more reasons to explain why it hurt.

I’m working on understanding the choices behind it, so my apology can become changed behavior—not just a sentence I hope will make this easier.

04

NO CONDITIONS

Dear Buggu 🫀,

You don’t owe me a response.

I want to say this without making it your job to reassure me: you do not have to forgive me, reply to this, or decide anything before you’re ready. I understand if you need distance, and I will respect that.

This apology isn’t a request for another chance. It’s an acknowledgment that I hurt you, and I’m responsible for that. I’ll keep doing the work because it’s mine to do, not because I expect something in return.

If you ever want to tell me more about what this was like for you, I will listen. If you don’t, I will respect that too.

05

WHAT COMES NEXT

Dear Buggu 🫀,

I want to do better, quietly and consistently.

I know that trust doesn’t come back because I say the right thing. If it can be rebuilt, it will be through time, honesty, and the small choices I make from here on.

I’m going to ask what kind of support you want, listen to your answer, and respect it—even when I’m worried. I’ll keep listening, even when it’s uncomfortable, and I’ll take responsibility without making you remind me.

You matter to me. That is not a reason you should have to forgive me; it is a reason I should have treated you with more care in the first place.

BEFORE THE POEMS

“I can’t ask the past to be different.

I can choose what I do with what it taught me.”

✳

THAT’S ALL I NEEDED TO SAY

No reply is expected.

Take whatever time you need.

A FEW WORDS, LEFT GENTLY

For what *I couldn't say.*

Not a way to make things right. Just a little more honesty, in another shape.

POEM / 01

The space between

There is a space
between
the words I wish
I'd chosen
and the ones I let
fall.

I have stood there
since—
not asking you to
cross it,
only learning how
I built it.

Some bridges are
not mine
to ask for.
Some lessons are
mine
to keep.

POEM / 02

Not an answer

My sorry is not a
key.
It cannot turn the
day around,
or ask the lock to
open.

It is a small, plain
thing:
a hand set down,
no longer pointing
anywhere.

A promise kept in
the quiet
where no one is
watching—
where change
begins, or doesn’t.
